**PEOPLE ARE
INJURED
ON FARMS RIDING
QUAD BIKES.**

FIVE DIE.

QUAD BIKE INJURIES CAN BE PREVENTED - THEY AREN'T PART OF THE JOB.

1

Riders must be trained/experienced enough to do the job

2

Choose the right vehicle for the job

3

Always wear a helmet

4

Don't let kids ride adult quad bikes

Farmers who don't follow these safety steps risk penalties under the Health and Safety in Employment Act 1992 if someone working on their farm is seriously injured or killed.
