Public warning in case of major incident

General information about how the public will be warned in the event of a major incident at the facility:

- Audible alarm on site
- Physical barriers prevent access to site
- Specific, potentially affected parties will be notified by telephone
- Due to its isolated nature, the general public will not be notified other than by regular news channels or social media

Public actions in case of major incident

General information about how the public should act and any precautionary steps that people should take if a major incident occurs at the facility:

- Do not approach or try to access the facility
- Follow the instructions of the Emergency Services, Duty Operator and security personnel
