

How to open the Notification of Major Hazard Facility form

If clicking the website link and selecting *Open file* does not work, then the most reliable alternate method of opening the Notification of Major Hazard Facility form is as follows:

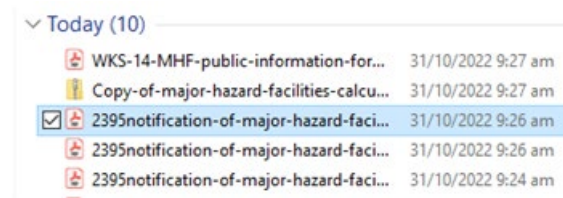

Click on the link to the form

This should open the Downloads window

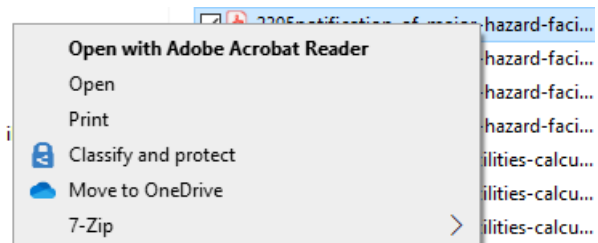

Hover the pointer over the form required and select *Show in folder*

This should open your downloads folder in File Explorer

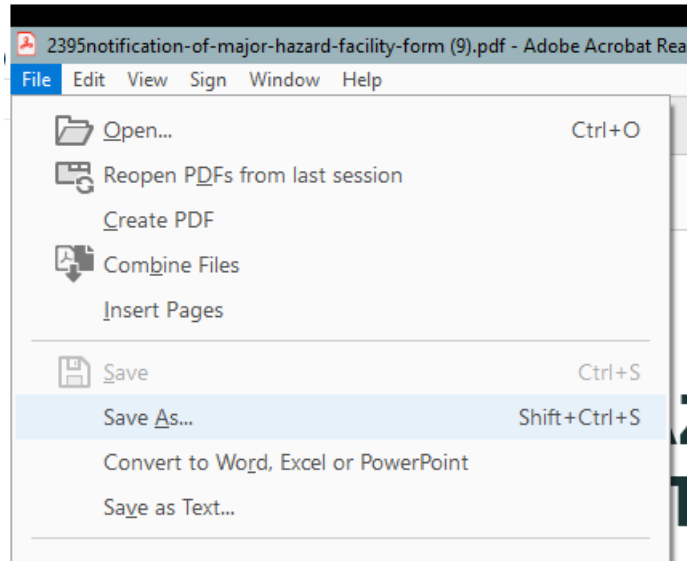

Right click the file and select *Open with Adobe Acrobat Reader*

This should open the form as a PDF on your computer.

You should then be able to *Save As* to a suitable location with a suitable file name for you to complete and submit via email to hhu.mhf@worksafe.govt.nz

More help

If you are still having difficulties opening the form, please contact hhu.mhf@worksafe.govt.nz or your lead MHF inspector.
