^ Contact information will be published on the Energy Safety website. Please tick the following box if you do not want your contact information published.

DECLARATION

This application is to be an Approved Practitioner to endorse:

Small production gas appliances

Appliances in imported gas installations

I declare that:

1. The information provided in or with this application is true and correct.
2. There is no other information that I am aware that would affect the ability to be an Approved Practitioner.
3. I will only endorse appliances and fittings in regard to which I have the requisite level of technical competency.
4. I will only endorse appliances and fittings that comply with the requirements of the Gas (Safety and Measurement) Regulations 2010 and NZS 5266 *Safety of gas appliances*.
5. I will comply with the requirements imposed on an Approved Practitioner under Regulation 57 of the Gas (Safety and Measurement) Regulations 2010, and any conditions of approval.

I acknowledge that:

1. Energy Safety may grant approval subject to any terms and conditions that it thinks fit.
(Some of these terms and conditions will require:
(a) notification of any change of address, or any changes that may affect my ability to meet the requirements of an Approved Practitioner to Energy Safety, and
(b) retention of reliable records relating to my work as an Approved Practitioner.)
2. If approved, my name and approval number would be published on the Register of Approved Practitioners on the Energy Safety website.
3. Any endorsements I issue would be subject to audit.
4. It is an offence to issue an endorsement knowing that the gas appliance or specified fittings do not meet the requirements of Regulation 57, or being reckless as to that matter.

NOTES FOR COMPLETION OF APPLICATION FOR APPROVAL

The purpose of this form is to apply for approval pursuant to Regulation 59 of the Gas (Safety and Measurement) Regulations 2010 as an Approved Practitioner entitled to endorse gas appliances in accordance with Regulation 57.

Application Checklist:

This application should include evidence of qualifications and experience in assessing the safety and suitability of gas appliances and fittings as follows. Please check the Endorsement Regime pages on our website for information that will help you prepare your application – www.energysafety.govt.nz

- Demonstrated competence, technical knowledge, and relevant experience to assess the suitability of appliances in one or more of the cases referred to in Regulation 57.
- Relevant business structures and arrangements including liability insurance.
- Sound understanding and knowledge of the relevant means of compliance with standards.
- Ability to undertake or assess testing and commissioning of the appliance or fitting.

Note: Energy Safety is required to publish and maintain a list of Approved Practitioners on its website at all reasonable times.

Please forward your application, or direct any requests for further information to:

Manager, Energy Safety
WorkSafe New Zealand
