Public warning in case of major incident

General information about how the public will be warned in the event of a major incident at the facility:

Emergency evacuation alarms will sound at the facility and emergency services will be called

In conjunction with emergency services (Fire Department and Police) public warnings will be issued through emergency communication channels and via authorised communications with the media

Immediate neighbors and those deemed at risk due to their close proximity to the incident will be contacted or visited by emergency services

Traffic control plan will be activated on James Fletcher Drive and neighboring roads as required to restrict non authorised vehicular and pedestrian traffic from the vicinity of the facility

Public actions in case of major incident

General information about how the public should act and any precautionary steps that people should take if a major incident occurs at the facility:

Observe and follow all instructions from emergency service personnel (Fire Department and Police)

Keep out of immediate vicinity of facility

Unless evacuated, remain indoors with windows and doors closed and await further instructions from emergency service personnel

Listen for media updates regarding major incident

In the event of a medical emergency dial 111 for an ambulance
