

Public notice relating to material proposed to be incorporated by reference in proposed hazardous substances safe work instrument

In accordance with clause 1(a) of Schedule 2 of the Legislation Act 2019, I, Kane Patena, Interim Chief Executive, WorkSafe New Zealand (WorkSafe), give notice of a proposal to incorporate the standards listed in the table below into a proposed safe work instrument for the purposes of Regulation 17.67(5)(j) of the Health and Safety at Work (Hazardous Substances) Regulations 2017.

The proposal is to set requirements for burners by specifying five standards for burners used for the combustion of:

- class 3.1 substances (categories 1–4 flammable liquids), or
- a hazardous substance approved by the Environmental Protection Authority (EPA) for use as a fuel for a burner.

This would enable WorkSafe to approve types of burners that comply with those standards.

The table below sets out which standards are proposed for incorporation and the internet site addresses where the standards can be purchased.

Table

Proposed standards	Purchase sites
AS 1375-2023 Industrial fuel-fired appliances	store.standards.org.au
BS EN 267:2020 Forced draught burners for liquid fuels	webstore.ansi.org
NFPA 86-2019 Standard for Ovens and Furnaces	webstore.ansi.org
NFPA 86-2023 Standard for Ovens and Furnaces	webstore.ansi.org
UL 296A:2018 (3rd Edition) Standard for Waste Oil-Burning Air-Heating Appliances	www.shopulstandards.com

Access to the standards

These standards are available for inspection, at no charge, between the hours of 9:00am and 5:00pm from Monday to Friday (excluding statutory holidays) at WorkSafe New Zealand located at 8 Willis Street, Wellington 6011. Please contact regulatory.frameworks@worksafe.govt.nz to arrange a time to inspect the standards.

If you are not able to visit the Wellington office, please contact regulatory.frameworks@worksafe.govt.nz to arrange to inspect the standards at another location.

The proposal to incorporate the standards listed in the table into a safe work instrument is undergoing public consultation from **Monday 26 August to Friday 20 September 2024**. People

can provide comment on the proposed standards for incorporation as part of the public consultation process.

The consultation document and submission form can be accessed here: [Consultations | WorkSafe](#)

Dated this 20th day of August 2024.

KANE PATENA, Interim Chief Executive, WorkSafe New Zealand
